Department of State

Proposed Assignment of Dr. Gustav Hilger to
Cambridge

1. This is with reference to your memorandum of August 14, 1951 regarding the assignment of Dr. Gustav Hilger to the Cambridge Center for International Studies in such on the Soviet Leadership Study being undertaken at the request of the Department of State. It is noted in your agreement that Dr. Hilger will make substantial contributions to this study and are happy to have him available to the CIIIS group.

2. Dr. Hilger, in his work on behalf of this Agency, has not had access to classified information. It is felt that this new assignment will not require a change in this policy, and that with him has therefore continued under this limitation and the same security arrangements will apply regarding research which CIIIS is undertaking for CIA.

3. We will arrange for the execution of Dr. Hilger's completed studies. It is desirable, however, that we be kept informed concerning the duration of Dr. Hilger's assignment to the CIIIS group and whether his work at Cambridge will be continuous or intermittent.

4. With respect to travel and per diem, we request that an appropriate determination be made from CIIIS funds provided under contract and would propose to be submitted to the Cambridge group.

5. This office is advising the CIIIS group that Dr. Hilger will be made available to them subject to the limitations described in paragraph 2.
